

Welcome to
More Choice

Human Panels

Choose from our extensive portfolio of
high-quality fluorescent-conjugated reagents
to build your multicolor flow cytometry panels.

Welcome to a More Colorful WorldSM

Visit bdbiosciences.com/choice to see our extensive portfolio of both new and existing reagents. Then choose reagents to build panels that suit your unique research needs.

These panels were designed based on the general principles of multicolor panel design and have not been tested experimentally at BD Biosciences. Users are encouraged to design and optimize their panels based on their specific instrument and experimental design.

These panels are provided as examples only.

Panels may be compatible with other instruments depending on specific configuration.

B Cells

●	●	●	●	●

*Either Lin-1, Lin-2, or Lin-3 can be used in this panel. Lineage cocktails (Lin-1, Lin-2, Lin-3) are useful for the identification of dendritic cells (DC) subsets by identifying the non-DC cells. Lin-1 contains anti-CD3, CD14, CD16, CD19, CD20, and CD56. Lin-2 is useful for the identification of CD16⁺ DC cells and contains anti-CD3, CD14, CD19, CD20, and CD56. Lin-3 is useful for the identification of CD16⁺, CD56⁺ DC cells and contains anti-CD3, CD14, CD19, and CD20.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.

BD flow cytometers are Class I (1) laser products.

Alexa Fluor® is a registered trademark of Molecular Probes, Inc.

The Alexa Fluor® dye antibody conjugates are sold under license from Molecular Probes, Inc. for research use only, excluding use in combination with microarrays, or as analyte specific reagents. The Alexa Fluor® dyes (except for Alexa Fluor® 430) are covered by pending and issued patents.

Cy™ is a trademark of Amersham Biosciences Corp.

Cy dyes are subject to proprietary rights of Amersham Biosciences Corp and Carnegie Mellon University and are made and sold under license from Amersham Biosciences Corp only for research and in vitro diagnostic use. Any other use requires a commercial sublicense from Amersham Biosciences Corp, 800 Centennial Avenue, Piscataway, NJ 08855-1327, USA.

Purchase does not include or carry any right to resell or transfer this product either as a stand-alone product or as a component of another product. Any use of this product other than the permitted use without the express written authorization of Becton, Dickinson and Company is strictly prohibited. Product availability and prices are subject to change without notice.
